

We invited the Knox Street Orienteering Walkers group to organise a walk in Wheelers Hill on the morning of Friday 22<sup>nd</sup> March. It was a cool but fine day and we met in the western carpark of the Mulgrave Country Club at 10am.

10 members came along and there were 9 walkers from KnoxSOW to give us some guidance. We were given maps showing 20 clues that we had to answer in one hour by walking the streets, to search for fire hydrants, bus stops, letterboxes, electricity poles, phone numbers, garden ornaments and even drain covers. What fun!

After the walk we appreciated our coffee and chat on the terrace just outside the MCC Café. Apart from feeling rather warm near the end of the walk, it was a most enjoyable activity!

(This activity was organised by Probus member, Julie Matthews, who also walks every month with KnoxSOW.)
