

November Edition
Welcome to the November Bright Ideas news.

Knox Street Orienteering Walkers group

Street orienteering is a variation of the competitive sport of orienteering. You are given a specially prepared [orienteering map](#). The map shows streets, parks and pathways and the location of a number of clues. In a team or 2 - 5 people you have to navigate your way around finding the answers to the clues and writing them on your map sheet. Your aim is to find as many answers as you can and be back at the start / finish Location within one hour. Your answers are then checked to see if they are correct.

Street orienteering provides the perfect combination of mental and physical exercise and social interaction. You do not need a compass or any special map reading ability. You may walk as fast or slow as you like and enjoy a great walk in a friendly, safe, outdoor environment – and always finish with a coffee and a chat at a nearby cafe.
