

Now you can do orienteering from home with your computer, tablet or phone!

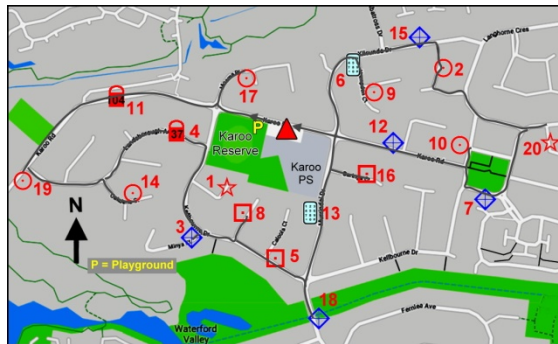

[Maps](#) [VO Records](#)

Here's how –

- Go to the [Maps](#) or [VO Records](#) webpages and select an area to 'walk'. Click or tap on the Month to open the Map Sheet. Print it out.

Note that some areas may have 2 courses.

- Look for the Red Triangle that is at the Start/Finish Location.

- Choose a route around the streets from the Red Triangle so you visit the location of each clue. Drawing a line from the Start/Finish Location to each clue in sequence may help. You must finish back at the Start/Finish Location.

Note that the clues are numbered in red. This number relates to the points scored for finding the correct answer to the clue. It is not the sequence in which you visit each clue.

- Refer to the table below the map to discover what each symbol represents. Note that the Special Clues (Blue Diamond or Phone Number) are written in the table at the bottom left of the Map Sheet.

Map Symbols					
	Start / Finish location		Third letter of street name		Number of the house near the above-ground fire hydrant

- Go to the [Maps](#) or [VO Records](#) webpages and click or tap on the Start/Finish Location link to automatically open Google Maps at this location.

(Alternatively open a separate program or app such as Google Earth, Maps, etc. that has a 'Street View' function and enter the address from the top of the Map Sheet into the Search box.)

6. Click or tap on the Start/Finish Location so you get the Street View image.

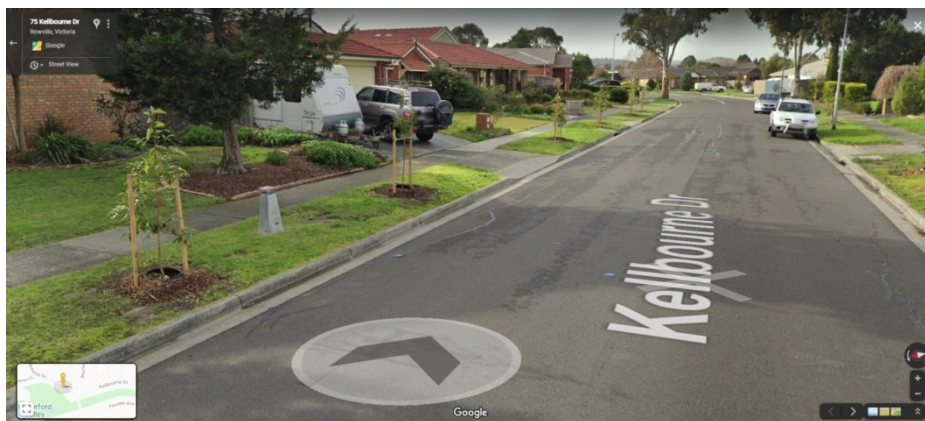

Different programs or apps have different ways to go to Street View. You may have to first click or tap the little yellow man or a small window containing an image of the street view. Some apps have a 'What's Here ?' link.

7. Write the time you start on the top of the Map Sheet.

8. Move the image around the streets from clue to clue in the route sequence you drew in Step 3 and find the answers.

Note that you may have to miss some clues as they may not be visible from the road or they may have disappeared or changed. Please make a note of these so they can be noted on the VO Records page and the Master Maps updated.

**Clue 5** (Hint: Fire Hydrants are often indicated by a blue reflector in the road.)

9. Write the answers in the table at the bottom right of the Map Sheet.

Pts	Clue	Answer	Pts	Clue	Answer
2	1	S	4	11	G
	2			12	
	3	GY		13	
	4	BR		14	3
	5			15	
3	6		5	16	
	7			17	17
	8	4		18	
	9			19	74
	10			20	

10. When you have been to all 20 clues find your way back to the Start/Finish Location and write down your finish time. Well done! You have just completed a **Virtual Orienteering** course!

Check out the [VO Records](#) to see if you are a VO Record Holder.

11. Send a copy of your Map Sheet and the time it took you to complete the course, to the Walk Organiser, David, for checking your answers. Let him know if there were any problem clues.

(Send a photo or scan by text, WhatsApp or email. 0419 337 311 [david@knoxow.fun](mailto:david@knoxow.fun))

12. If you want to compete against someone else in your household, print out another Map Sheet and see if they can beat your time and get all the answers correct.
